

Mission Statement

Learning together: reaching high

School Aims

At Mellers Primary School

We are able to shine, whoever we are
We work together as a caring team, in which we are
all supported

We are all treated fairly and are valued
We learn in many different places and environments

We are challenged in our thinking so that our
imagination can run riot

We are provided with a safe and secure space for
learning

We love and respect ourselves, others, our school
and the world around us

We value positive behaviour, good manners and
respect

We feel proud of everything Mellers stands for
