Thursday 7th February 2019

Light Night in the City

This Friday 8th February is Light Night in Nottingham. Discover the magic with striking light installations, exciting performances and enjoyable opportunities to take part - all inspired by the 50th anniversary of Apollo and the first man on the moon. All for free!

Why not treat the family to an evening of fun and discovery? Find out more by following the link below:

Parents in School

We have had an increasing number of children arriving late in the morning. This causes congestion in the reception area and can have an unsettling start to your child's school day. If you do happen to arrive to school late, you must sign your child in; if you don't then in the event of a fire, we would not know who is in the building. You then need to let them walk to their class on their own. If your child is in F1, a member of staff will take them to class. We cannot allow parents to be walking around school in learning time. We have a duty of care to ensure all of our children are safeguarded within school. So you see it's really important that all children arrive in time for registration at 8.40am

Half Term Holiday

I'm sure you'll agree that January has been and gone in a flash! So a reminder that next Friday 15th February we finish at 3.15pm for a week's half term school holiday.

Have a lovely weekend!

Amanda Dawson,
Headteacher

Word and Grammar of the Week

We thought we would share our word and grammar of the week with you, so that you can further help your children with their English skills:

How's your fast going? ✓

not

How's you're fast going? ×

Word of the Week

serene

Visits to the Library

Our Year 3 children in the Highfields class will be visiting the library next Wednesday afternoon.

Recycling at School

Did you know that you and your children can bring the following items to school for us to recycle for you?

- Toothpaste containers, e.g. empty pumps or tubes
- Toothbrushes that are past their best
- Pens and felt tips that don't work any longer
- Batteries

We must all get into the habit of reducing the amount of single use plastic items that we use whilst recycling what we do use; and we're here to help you do it!

Red Nose Day - Friday March 15th

We are now selling this year's red noses for Comic Relief at the school office. This year they are £1.25 each, they're selling fast so to avoid disappointment please come along with the right money soon!
