Autumn Term '19

Thursday 28th November 2019

Medical Appointments

We are asking parents to try and make medical appointments towards the end of the school day or after school. We have a rising number of children coming and going throughout the day. This is disruptive to the class and means your child will miss more learning time. If in the case of an emergency appointment during the school day, please always provide evidence. Thank you for your cooperation with this!

Panto

We have limited places for 20 children in F1 to go on the panto trip on 18th December. Letters have been sent out and it will be on a first come first served basis. One parent will also have to attend.

Donations

We are still in need of donations for the Christmas fair on 3rd December. Any homemade cooking, baking or unwanted gifts or toys are welcome!

**Donations
are greatly
Appreciated!**

Have a lovely weekend!

Amanda Dawson
Headteacher

Number of Lates

This week so far **85** children have been late for school. Please arrive at school on time. School starts at 8.40am. Your child should be on time every day. Please help support us to give your child the best start in their education by **getting to school on time!**

Sickness

We have had a high number of sickness throughout school over the last week. Our policy states to stay off for 24 hours after a sickness bug. Please do not send your child to school if they have vomited that morning. Below are a few helpful tips to try manage and prevent the spread of infection.

- Wash hands on a regular basis with hot soapy water
- Disinfect surfaces
- Don't take medicines to stop diarrhoea
- Drink plenty of fluids

Allergies

If your child has any food allergies, the office must have a copy of the GP or hospital letter as they have to send it off to the catering department. This is to ensure any special requirements are requested correctly. Allergies can be fatal and we like to keep our records as accurate as possible. To do this we rely on information from you as a parent.

This is also the same for any children who require an inhaler. It is the responsibility as a parent to provide your child with an inhaler during school time.
