The Purpose of Governance

(Reference: The Governance Handbook 2017)

“The purpose of governance is to provide confident, strategic leadership and to create robust accountability, oversight and assurance for educational and financial performance.

All boards, no matter what type of schools or how many schools they govern, have three core functions:

- Ensuring clarity of vision, ethos and strategic direction;
- Holding executive leaders to account for the educational performance of the organisation and its pupils, and the performance management of staff; and
- Overseeing the financial performance of the organisation and making sure its money is well spent.”

Quoracy.

The quorum for a full governing body meeting is 50% (rounded up to the nearest whole number). Governing body decisions may only be made if a meeting is quorate. The minimum quorum for a committee meeting is three governors (not all staff).

Delegation of functions of the governing body.

A governing body can delegate many of its statutory functions to a committee, an individual governor or the Headteacher. The governing body must review the scheme of delegation annually.

The Governing Body has resolved to conduct all its business as a full Governing Body, and to work with the following committees:-

- Pupils and curriculum committee;
- Pupil progress committee;
- Finance and general purposes committee.

Delegation to committees.

All decisions made at committee level are taken on behalf of the full governing body. The committee must report decisions to the governing body who will then consider whether any further action is required.

The committee may consider other items for which it does not have delegated authority and make recommendations to the Governing Body.

Annual review.

The governing body must review the scheme of delegation annually. The governing body will remain accountable for any decisions taken, including those relating to functions delegated to a committee or individual.
